Agreement for Cooperation

Between

The University of Mohammed Cherif MESSAADIA, Souk-Ahras, Algeria

And

The University of Naples, FEDERICO II
School of Medicine and Surgery, Department of Pharmacy

The University of Mohammed Cherif MESSAADIA, Souk-Ahras, Algeria, represented by its Rector prof. **BOUFAIDA Mahmoud**

And

The University of Naples, Federico II, School of Medicine and Surgery, Department of Pharmacy, Represented by the Manager pro-tempore Prof. **Angela Zampella**.

have decided to establish a cooperation relationship in the fields of teaching, scientific research and training.

With this aim in mind, the following points are agreed upon:

ARTICLE 1 - Cooperation activities

The cooperation will specifically involve:

- Sending out teachers;
- An exchange of students, teachers-research assistants, graduate employees and/or office staff;
- Organizing talks, seminars and scientifically based reunions;
- An exchange of documents and scientific and pedagogical publications;
- Developing programmes and teaching cycles which are considered useful for both parties.

ARTICLE 2 - Fields of Application

Both contracting parties foresee an active co-operation in the field of Ecology and Ecotoxicology, and in particular in the study of soil to highlight the impacts of different human activities on the soil quality using indices that may help to monitor soil variation over the time. Several chemical, biological and integrated indices can be analyzed, as they are specific for the

mineral accumulation and salinization, potential ecological risk of heavy metal contamination, edaphon activity, fertility and the overall soil quality.

ARTICLE 3 - Regulations for the Exchange

Both contracting parties will carry out the exchange of personnel as set out in article 1 of this agreement:

- under the form of short visits (conferences, talks, seminars, workshops)
- under the form of medium-length visits (between 2 and 6 weeks).

Every year the number of personnel will be agreed upon reciprocally (up to a maximum of five) who will take part in the exchange, as well as the length of the mission.

With regard to the exchange students they will have to pay their university fees for their own country.

ARTICLE 4 - Exchange of documents

The two Institutions involved will reciprocally give information on their own publications as well as on their teaching and research programmes.

They will exchange, in the fields defined in the agreement, scientific publications, periodicals and eventually non-periodicals.

ARTICLE 5 - Resources

The two Institutions in the agreement will aim at trying to find financial help and resources which will help in carrying out the objectives as defined in the present agreement.

ARTICLE 6 - Length

The present agreement will last for 3 years and, on its expiry, can be renewed for a further period, with the consent of the Structure(s) involved. Each of the parties will be able to withdraw from the agreement by giving notice six months beforehand. The present agreement will take effect after the signing of this agreement by the competent authorities of the two Institutions.

ARTICLE 7 - Person Responsible

For the Department of Pharmacy, University of Naples, Federico II,
The co-ordinator responsible for the agreement is:
